

BBCalls Controls

Support: info@bbcalls.com
Web: <http://www.bbcalls.com>

Usage

Making a call:

“Address Book” → Select Contact →
Click “Jajah Call” → Login once →
Enjoy Free Calls

Your login data will be remembered and
you do not need to enter it again.

To be able to use BBCalls and take
advantage of cheap or even free calls
you need to have a [free membership at jajah.com](http://jajah.com).

Setup

1. Deflate bbcalls.zip
2. Select bbcalls.alx for the “Application Loader” of your “BlackBerry Desktop Manager”
3. Select “Next” to install BBCalls on your device
4. Perform a Hard Reset: wait until the red BlackBerry status light is off and press again to perform a hard reset
5. Go to the BBCalls program to set up the number you want to call from
6. Activate JavaScript support in the “Browser Configuration” of your BlackBerry

Please keep in mind that the numbers of your contacts need the country and areacode, e.g.:
+4940123456789 (for Hamburg/Germany)

For free calls your contact must be a [member of Jajah](#) too and needs to be located in a “[free call zone](#)”.

Your network service provider might charge you for internet transfer.
So we recommend a data plan.
